

DIRECTORY APPLICATION

The Hayden Lake Watershed Association (HLWA) represents several hundred lake shore and water shed homeowners. We are currently updating our website and adding a directory to assist homeowners seeking lake related services such as dock repair and construction, weed abatement and beach maintenance, etc.

If you would like to be listed in this directory please fill out and return the questionnaire below. Much like the phone book yellow pages your business name, customer contact information and a brief summary of your services is all that is needed. HLWA is not an endorser of your product or service and any resulting business will be between you and your client.

While not a requirement, we would encourage you to also become a member of the association. Dues are \$25.00 annually. As a member you will be welcome to attend any monthly meetings of interest and will receive periodic newsletters pertaining to lake area items of interest.

DIRECTORY APPLICATION QUESTIONNAIRE

Name of Business: _____

Contact Name: _____

Mailing Address: _____

Telephone: _____

Website: _____

Summary of services provided (25 words or less):
